Foreign Direct Investment Regulatory Restrictiveness Index

The Foreign Direct Investment Regulatory Restrictiveness Index (FDI RRI) measures four types of statutory restrictions on foreign direct investment: (i) foreign equity restrictions, (ii) screening and prior approval requirements, (iii) rules for key personnel, and (iv) other restrictions on the operation of foreign enterprises. The FDI RRI is a composite index which takes values between 0 and 1, with 1 being the most restrictive.
